## INTRODUCTION

Kenya Railways (KR) is a State Corporation established in 1978 under the Kenya Railways Act (Cap 397) of the Laws of Kenya. The overall mandate of the Corporation then was to provide a coordinated and integrated system of rail and inland waterways transport services and inland port facilities within Kenya. The Act was amended through The Kenya Railways (Amendment) Act 2005 to make it possible for the Board of Directors to enter into concession agreements or other forms of management for the provision of rail transport services. Following this Amendment, KR conceded railway operations to Rift Valley Railways Ltd (K) from November 1, 2006 for 25 years for freight services and 1 year for passenger services. At the time, Kenya Railways was mandated to promote, facilitate and participate in the National and Metropolitan Railway development through:

- ❖ Developing a Standard Gauge Railway network within the country and connected to neighbouring countries
- ❖ Developing rail commuter services within and around major towns in Kenya (Nairobi, Mombasa, Nakuru, Eldoret and Kisumu)

The Corporation has since undergone numerous developments, with the 2006 Concession agreement signed with the Rift Valley Railways (Kenya) being terminated in July, 2017. Subsequently, the Corporation has taken back the role of management of the concession and operations of the Commuter Rail, in addition to that of management of non-conceded assets.

Another development is the Corporation's recent completion of the implementation of the first phase of the country's mega-flagship project, the Standard Gauge Railway (SGR), with operations of the Madaraka Express on course.

Further to this, the Corporation recently revised its Strategic Plan, now guided by the SP of 2017-2022, with our new Vision "*To be a provider of world class rail services*" and our new Mission "*To develop an integrated rail network and provide efficient and safe rail services*". With this, KR serves as a blueprint that will catapult the sector towards world-class railway infrastructure, operations and services, making KR a pace setter and reference point on railway matters in the region.

In pursuit of our new strategic vision, the purpose of KR is:

- To develop new railways projects and rehabilitate existing infrastructure and facilities through proper planning and effective project implementation.

- To ensure that efficiency is a hallmark of our operations. We ensure that available resources are deployed in providing freight and passenger services to our customers. Railway undertakings are carried out in a safe and sustainable manner for the sake of our environmental conservation, financial wellbeing of the Corporation and our customers for the overall economic prosperity of our country in the long term.

The above can only be realized by applying the core values of business currently employed at the state Corporation. These are:

- **Integrity:** We are guided by probity and highest business ethics in carrying out our business.
- **Accountability:** we are committed to being accountable and responsible to our customers and stakeholders.
- **Reliability:** We strive to be reliable, dependable and consistent in delivering world class rail services. We will deliver services within the specified time and standard to the satisfaction of our customers.
- **Safety:** We promise to pay special attention to detail in the safety and security requirements of our customers, workers and the community. We guarantee that fidelity to safety and security will underpin all our activities and operations.
- **Collaboration:** We will work jointly with stakeholders to ensure efficient service delivery and provide effective solutions to customers. We are committed to team work in pursuit of our common vision for the railways industry.

Kenya Railways intends to engage a qualified firm to Supply and Deliver Wagon Seals.

- 2.21.4 Any effort by the tenderer to influence the Procuring entity in the Procuring entity's tender evaluation, tender comparison or contract award decisions may result in the rejection of the tenderers' tender.

## **2.22 Preliminary Examination**

- 2.22.1 The Procuring entity will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order.

2.22.3 The Procuring entity may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such waiver does not prejudice or effect the relative ranking of any tenderer.

For purposes of these paragraphs, a substantially responsive tender is one, which conforms to all the terms and conditions of the tender documents without material deviations. 2.24.2 The tender evaluation committee shall evaluate the tender within 30 days of the validity period from the date of opening the tender.

2.24.3 A tenderer who gives false information in the tender document about its qualification or who refuses to enter into a contract after notification of contract award shall be considered for debarment from participating in future public procurement.

2.26.2 Any effort by a tenderer to influence the Procuring entity in its decisions on tender, evaluation, tender comparison, or contract award may result in the rejection of the Tenderer's tender.

**2.27 Award of Contract**

**(a) Post-qualification**

2.27.1 In the absence of pre-qualification, the Procuring entity will determine to its satisfaction whether the tenderer that is selected as having submitted the lowest evaluated responsive tender is qualified to perform the contract satisfactorily.

2.27.2 The determination will take into account the tenderer financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the tenderers qualifications submitted by the tenderer, pursuant to paragraph 2.12.3 as well as such other information as the Procuring entity deems necessary and appropriate.

2.27.3 An affirmative determination will be a prerequisite for award of the contract to the tenderer. A negative determination will result in rejection of the Tenderer's tender, in which event the Procuring entity will proceed to the next lowest evaluated tender to make a similar determination of that Tenderer's capabilities to perform satisfactorily.

**(b) Award Criteria**

2.27.4 The Procuring entity will award the contract to the successful tenderer(s) whose tender has been determined to be substantially responsive and has been determined to be the lowest evaluated

tender, provided further that the tenderer is determined to be qualified to perform the contract satisfactorily.

## **2.28 Procuring entity's Right to Vary quantities**

2.28.1 The Procuring entity reserves the right at the time of contract award to increase or decrease the quantity of goods originally specified in the Schedule of requirements without any change in unit price or other terms and conditions

## **2.29 Procuring entity's Right to accept or reject any or all Tenders**

2.29.1 The Procuring entity reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected tenderer or tenderers or any obligation to inform the affected tenderer or tenderers of the grounds for the Procuring entity's action

## **2.30 Notification of Award**

2.30.1 Prior to the expiration of the period of tender validity, the Procuring entity will notify the successful tenderer in writing that its tender has been accepted.

2.30.2 The notification of award will constitute the formation of the Contract but will have to wait until the contract is finally signed by both parties

2.30.3 Upon the successful Tenderer's furnishing of the performance security pursuant to paragraph 2.28, the Procuring entity will promptly notify each unsuccessful Tenderer and will discharge its tender security, pursuant to paragraph 2.14

## **2.31 Signing of Contract**

2.31.1 At the same time as the Procuring entity notifies the successful tenderer that its tender has been accepted, the Procuring entity will send the tenderer the Contract Form provided in the tender documents, incorporating all agreements between the parties.

2.31.2 The parties to the contract shall have it signed within 30 days from the date of notification of contract award unless there is an administrative review request.

2.31.3 Within thirty (30) days of receipt of the Contract Form, the successful tenderer shall sign and date the contract and return it to the Procuring entity.

## **2.32 Performance Security**

2.32.1 Within Thirty (30) days of the receipt of notification of award from the Procuring entity, the successful tenderer shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the tender documents, or in another form acceptable to the Procuring entity.

2.32.2 Failure of the successful tenderer to comply with the requirements of paragraph 2.27 or paragraph 2.28 shall constitute sufficient grounds for the annulment of the award and forfeiture of the tender security, in which event the Procuring entity may make the award to the next lowest evaluated Candidate or call for new tenders.
